

WODONGA SENIOR SECONDARY COLLEGE

CYBERSAFETY AND ACCEPTABLE USE AGREEMENT

- **Netbook & Notebook AGREEMENT**

The following document contains information about cybersafety and acceptable use of the college network, equipment and other devices. Please read this carefully, to check that you understand your responsibilities under the agreement.

You need to ensure that the following have all been completed:

1. Cybersafety and acceptable use agreement form for students
Please read, sign and date, detach and return the form to the College.

2. Section 1a: Cybersafety in the College Environment
Please read and discuss with your child.

3. Section 1b: General cybersafety rules
Please read and discuss with your child.

4. Section 2: Information specifically for Wodonga Senior Secondary College students
Please read and discuss with your child.

CYBERSAFETY AND ACCEPTABLE USE AGREEMENT FOR ALL WODONGA SENIOR SECONDARY COLLEGE STUDENTS

This document is comprised of two sections:

Section 1 – Cybersafety in the College Environment

- a) Important Wodonga Senior Secondary College cybersafety initiatives
- b) General cybersafety rules

Section 2 – Information Specifically for Wodonga Senior Secondary College Students

- a) Additional information
- b) Additional rules / responsibilities

Instructions for secondary students:

1. You and your parent/legal guardian/caregiver are asked to read Section A 'Cybersafety in the College Environment' and Section B 'Information Specifically for Secondary Students' carefully.
2. If help is needed to understand all the language, or there are any points your family would like to discuss with the College, let the College office know as soon as possible.
3. You and your parent/legal guardian/caregiver should then sign the Student Use Agreement Form at the back of Section B before you return that page to the College.
4. It is important to keep Section A and Section B for you and your family to read again in the future.

Important terms used in this document:

- (a) The abbreviation '**ICT**' in this document refers to the term 'Information and Communication Technologies'.
- (b) '**Cybersafety**' refers to the safe use of the Internet and ICT equipment/devices, including mobile phones.
- (c) '**College ICT**' refers to the College's computer network, Internet access facilities, computers, and other College ICT equipment/devices as outlined in (d) below. This also includes subsidiary or public organisation(s) equipment which may extend and/or be part of the College network infrastructure.
- (d) The term '**ICT equipment/devices**' used in this document, includes but is not limited to, computers (such as desktops, notebooks, netbooks, PDAs), storage devices (such as USB and flash memory devices, CDs, DVDs, floppy disks, iPods, MP3 players), cameras (such as video, digital, webcams), all types of mobile phones, video and audio players/receivers (such as portable CD and DVD players), and any other, similar, technologies as they come into use.

SECTION 1A - IMPORTANT WODONGA SENIOR SECONDARY COLLEGE CYBERSAFETY INITIATIVES

The values promoted by Wodonga Senior Secondary College include establishing positive relationships in a safe and caring environment; cooperation, mutual respect, acceptance and trust; being fair, friendly, supportive and honest; developing and displaying ethics and personal integrity; and respecting the physical environment. The measures to ensure the cybersafety of the College environment which are outlined in this document are based on these core values.

The College's computer network, Internet access facilities, computers and other College ICT equipment/devices, such as student netbooks or notebooks, bring great benefits to the teaching and learning programs at Wodonga Senior Secondary College, and to the effective operation of the College. However, it is essential that the College endeavors to ensure the safe use of ICT within the College community.

Thus Wodonga Senior Secondary College has rigorous cybersafety practices in place, which include cybersafety use agreements for all College staff and students.

Cybersafety use agreement documents include information about obligations, responsibilities, and the nature of possible consequences associated with breaches of the use agreement which undermine the safety of the College environment. The cybersafety education supplied by the College to its learning community is designed to complement and support the use of this agreement. The overall goal of the College in this matter is to create and maintain a cybersafety culture which is in keeping with the values of the College, and legislative and professional obligations. All members of the College community benefit from being party to the use agreement and other aspects of the College

cybersafety programme.

1. Cybersafety use agreements

- 1.1. All staff and students, whether or not they make use of the College's computer network, Internet access facilities, computers and other ICT equipment/devices in the College environment, will be issued with a user agreement. They are required to read these pages carefully, and return the signed use agreement form in Section B to the College office for filing. A copy of this signed form will be provided to the user.
- 1.2. Staff and students are asked to keep the other pages of the agreement for later reference. (If necessary, a replacement copy will be supplied by the College's ICT Management Team).
- 1.3. The College encourages anyone with a query about the agreement to contact the ICT Management Team as soon as possible.

2. Requirements regarding appropriate use of ICT in the College learning environment

In order to meet the College's legislative obligation to maintain a safe physical and emotional learning environment, and be consistent with the values of the College:

- 2.1. The use of the College's computer network, Internet access facilities, computers and other College ICT equipment/devices, including but not limited to iPod Touches and student netbooks or notebooks, on or off the College site, is limited to educational purposes appropriate to the College environment. This applies whether or not the ICT equipment is owned/leased either partially or wholly by the College. If any other use is permitted, the user(s) will be informed by the College.
- 2.2. The College has the right to monitor, access, and review all the use detailed in 2.1. The College will use remote access software to ensure appropriate use of ICT devices and the College network. This includes personal emails sent and received on the College's computers and/or network facilities, either during or outside College hours.
- 2.3. The use of any **privately-owned/leased** ICT equipment/devices on the College site, or at any College-related activity must be appropriate to the College environment and be approved by the ICT management team. This includes any images or material present/stored on privately-owned/leased ICT equipment/devices brought onto the College site, or to any College-related activity.

Such equipment/devices could include a netbook, notebook, desktop, PDA, mobile phone, camera, recording device, or portable storage (like a USB or flash memory device). Anyone unsure about whether or not it is appropriate to have a particular device at College or at a College-related activity, or unsure about whether the planned use of a particular device is appropriate, should check with the ICT Management Team prior to using such device.

Note that examples of a '**College-related activity**' include, but are not limited to, a field trip, camp, sporting or cultural event, *wherever its location*.

- 2.4. When using a **global information system** such as the Internet, it may not always be possible for the College to filter or screen all material. This may include material which is **inappropriate** in the College environment (such as 'legal' pornography), **dangerous** (such as sites for the sale of weapons), or **illegal**.

However, the expectation is that each individual will make responsible use of such systems. In the event of their use, students must be able to demonstrate their connection to current classroom learning.

3. Monitoring by the College

- 3.1. Wodonga Senior Secondary College has an electronic access monitoring system which has the capability to record Internet use, including the user details, time, date, sites visited, and from which computer or device the http traffic was viewed. The ICT Management Team also has the ability to remotely monitor College ICT equipment, via logs and real-time screen viewing, including student netbooks, notebooks and iPod Touches. You must not attempt to prevent the ICT Management Team from remotely monitoring any ICT equipment/device
- 3.2. The College has tracking, geo location, theft prevention and recovery software installed on all ICT equipment. This software will record the location of all ICT devices and will be activated to recover stolen or lost equipment.
- 3.3. The College monitors traffic and material sent and received using the College's ICT infrastructures. This will be examined and analysed to help maintain a cybersafe College environment.
- 3.4. The College will deploy filtering and/or monitoring software where appropriate to restrict access to certain sites and data, including email.
- 3.5. The College holds the right to access/redirect/stop/copy for evidence of any type of electronic data and remove inappropriate electronic data without notice.

- 3.6. The College holds the right to lock/disable/remove/modify domain/local computer accounts in the event of a threat to the College ICT. This includes any electronic devices which are on the premises of the College.

However, as noted in 2.4, the expectation is that each individual will be responsible in their use of ICT.

4. Ownership

- 4.1 Netbooks remain the property of the College. Students may not purchase netbooks.
- 4.2.1 **If in the netbook program:** - When exiting enrolment from the College the netbook must be returned with all parts and in a reasonable condition on the day of exit. Failure to do so will result in the device being reported stolen to the police.
- 4.2.2 **If in the Opt-In program:** - When exiting the school all payments must be finalized. If exiting at the end of year 12 this will be the remaining \$5, if exiting earlier then the remaining payments + \$5 will need to be finalised. All software on the device will be removed by the ICT management Team, and a base factory install will be applied.

5. Audits

- 5.1. The College will from time to time conduct an internal audit of its computer network, Internet access facilities, computers and other College ICT equipment/devices, or may commission an independent audit. If deemed necessary, auditing of the College computer system will include any stored content, and all aspects of its use, including email. An audit may also include any netbooks, notebooks or other ICT devices provided or subsidised by/through the College or subsidised by a College-related source such as the Department of Education and Early Childhood Development.

6. Breaches of the Use Agreement

- 6.1. Breaches of the Use Agreement can undermine the values of the College and the safety of the learning environment, especially when ICT is used to facilitate misconduct.
- 6.2. Such a breach which is deemed harmful to the safety of the College, such as involvement with inappropriate or illegal material, anti-social activities such as harassment and bullying and possession of Peer-to-Peer software such as Limewire or BitTorrent, will constitute a significant breach of discipline and result in serious consequences. A breach of this agreement will result in the netbook, or ICT device being reimaged. Any further breaches of this nature will result in changes to the management of the netbook, or ICT device. The ICT Manager and/or year level coordinator will respond and take appropriate action regarding consequences of all breaches.

Refer to the document 'Misdemeanors and Recommended Consequences Regarding the Use of Netbooks, Notebooks and Related ICT facilities.'

- 6.3. If there is a suspected breach of the Use Agreement involving privately-owned ICT on the College site or at a College-related activity, the matter may be investigated by the College. The College may request permission to audit that equipment/device(s) as part of its investigation into the alleged incident.
- 6.4. Involvement with **material** which is deemed 'age-restricted' or 'objectionable' (illegal) is a very serious matter, as is involvement in an **activity** which might constitute criminal misconduct, such as harassment. In such situations, it may be necessary to involve law enforcement in addition to any disciplinary response made by the College as a result of its investigation.
- 6.5. Any damage or loss caused to a device issued to a student by the College which is not covered by warranty, is the student's responsibility.
 - 6.5.1 An insurance excess will apply for any accidental damage.
 - 6.5.2 Any damage or loss deemed deliberate will not be covered by insurance and the full repair or replacement cost will be the student's responsibility.
 - 6.5.3 Insurance excess will be charged at the following flat rate, \$20 for each claim. Insurance excess needs to be paid before access to the WSSC ICT network and equipment is restored.

7. Other aspects of the College's cybersafety programme

- 7.1. The Cybersafety and Acceptable Use Agreement operates in conjunction with other cybersafety initiatives, such as cybersafety education supplied to the College community. This education plays a significant role in the College's overall cybersafety programme, and also helps keep children, young people and adults cybersafe in all areas of their lives. If more information is required, the ICT Management Team can be contacted.

SECTION 1B - GENERAL CYBERSAFETY RULES

These general rules have been developed to support the 'Important Wodonga Senior Secondary College Cybersecurity Initiative's outlined in Section A.

1. Staff and students are required to sign use agreements with the College

1.1 Please sign the first page of this agreement and return it to the College office.

NB The entire document should be kept to refer to later, including a copy of the signed form.

2. Use of any ICT must be appropriate to the College environment

2.1 For **educational purposes only**. The College's computer network, Internet access facilities, computers and other College ICT equipment/devices can be used only for educational purposes appropriate to the College environment. This rule applies to use on *or* off the College site. If any other use is permitted, the College will inform the user/s concerned.

2.2 **Permitting someone else to use College ICT**. Any staff member or student who has a signed use agreement with the College and allows another person who does not have a signed use agreement as per point 1 (above) to use the College ICT, is responsible for that use.

2.3 **Privately-owned ICT**. Use of privately-owned/leased ICT equipment/devices on the College site, or at any College-related activity must be appropriate to the College environment. This includes any images or material present/stored on privately-owned/leased ICT equipment/devices brought onto the College site or to any College-related activity. It also includes the use of mobile phones. Any queries should be discussed with the ICT Management Team.

2.4 **Responsibilities regarding access of inappropriate or illegal material**.

When using College ICT or privately-owned ICT on the College site or at any College-related activity, users must not:

- initiate access to inappropriate or illegal material – including but not limited to adult content, online gaming sites, gambling sites, social networking and chat sites such as MySpace. The use of Peer-to-Peer software is also prohibited
- save or distribute such material by copying, storing or printing.

In the event of accidental access of such material, users should:

1. not show others
2. close or minimise the window
3. report the incident
 - Students should report to a teacher immediately
 - Staff should report such access as soon as practicable to the ICT Management Team.

2.5 **Misuse of ICT**. Under no circumstances should ICT be used to facilitate behaviour which is either inappropriate in the College environment or illegal.

Refer to the document 'Misdemeanors and Recommended Consequences Regarding the Use of Netbooks, Notebooks and Related ICT Facilities'.

3 Individual password logons (user accounts)

3.1 **Individual user name and password**. If access is required to the College computer network, computers and Internet access using College facilities, it is necessary to obtain a personal user account from the College.

3.2 **Confidentiality of passwords**. It is important to keep passwords confidential and not shared with anyone else.

3.3 **Access by another person**. Users should not allow another person access to any equipment/device logged in under their own user account, unless with special permission from ICT Management Team (Any inappropriate or illegal use of the Wodonga Senior Secondary College computer facilities and other College ICT equipment/devices may be traced by means of this login information.)

3.4 **Appropriate use of email**. Those provided with individual, class or group e-mail accounts are expected to use them in a responsible manner and in accordance with this Use Agreement. This includes ensuring that no electronic communication could cause offence to others or harass or harm them, put the owner of the user account at potential risk, or in any other way be inappropriate in the College environment.

4 Disclosure of personal details

- 4.1 For personal safety, users should be very careful about revealing personal information about themselves, such as home or email addresses, or any phone numbers including mobile numbers. Nor should such information be passed on about others.

5 Care of ICT equipment/devices

- 5.1 All College ICT equipment/devices should be cared for in a responsible manner and especially ensuring that netbooks or notebooks are carried in the bags or cases provided.
- 5.2 Any damage, loss or theft must be reported immediately to the ICT Management Team. In the event of theft, a police statement must be made as soon as practically possible.
- 5.3 At school, when netbooks or notebooks are not being used or carried by the individual they should be securely stored in a locked locker
- 5.4 When a student who has received a netbook leaves the College the device must be returned to the College in the same condition as when initially supplied. That is, no stickers, graffiti, white-out, scatches and etchings, cracks, missing keys, discolouration, substances requiring more than light cleaning or any damage beyond normal wear and tear.

6 Wastage

- 6.1 All users are expected to practice sensible use to limit wastage of computer resources or bandwidth. This includes unnecessary Internet access, uploads or downloads.

7 Connecting software/hardware

- 7.1 Users must not attempt to download, install or connect any unauthorised software or hardware onto College ICT equipment, including but not limited to student netbooks, notebooks, other College ICT devices, or devices such as mobile phones or iPod Touches or utilise such software/hardware. This includes use of such technologies as Bluetooth, infrared, and wireless, mobile broadband internet, and any other similar technologies which may be developed. Any user with a query or a concern about this issue should speak with the ICT Manager.
- 7.2 In a special case where permission has been given by the ICT Manager to connect or install privately-owned equipment/devices or software, it is with the understanding that the College may scan this equipment/device/software at any time thereafter as part of a regular or targeted security check, such as for viruses.

8 Copyright and licensing

- 8.1 Copyright laws and licensing agreements must be respected. This means that there can be no involvement in activities such as illegally copying material in any format, copying software, downloading copyrighted video or audio files, using material accessed on the Internet in order to plagiarise, or illegally using unlicensed products. This means that students are not to have Limewire or torrents or any other peer to peer software on the s. If students are found to be in breach of these guidelines the netbook or notebook/ICT device will be reimaged immediately. If Peer-to-Peer software, such as Limewire or BitTorrent is found on any netbook, notebook or ICT device, the netbook, notebook or ICT device will be reimaged.
- 8.2 The College will provide software which is in accordance with the copyright laws and must only be installed on College leased or owned equipment. Once equipment ownership transfers outside of the College it is only legal to have installed the software which originally came with the computer and copyright laws and licensing agreements become the responsibility of the equipment holder.

9 Posting material

- 9.1 All material submitted for publication on the College Internet/Intranet should be appropriate to the College environment.
- 9.2 Such material can be posted only by those given the authority to do so by the ICT Management Team.
- 9.3 The ICT Management Team should be consulted regarding links to appropriate websites being placed on the College Internet/Intranet (or browser homepages) to provide quick access to particular sites.
- 9.4 There is only one official website relating to the College with which there should be involvement unless approval has been given by the ICT Management Team.

10 Queries or concerns

- 10.1 Staff and students should take any queries or concerns regarding technical matters to the ICT Manager.
- 10.2 Queries or concerns regarding other cybersafety issues should be taken to the ICT Management Team.

In the event of a serious incident which occurs when the ICT Management Team and the Principal are not available, another member of Principal Class Team should be notified immediately.

SECTION 2A - ADDITIONAL INFORMATION

1. The Student Cybersafety Use Agreement

- 1.1. A teacher will go over this use agreement with you and answer any questions. If you have any more questions later, you should ask staff, including the ICT Management Team. If your parent/legal guardian/caregiver would like to discuss any College cybersafety issue, the ICT Management Team will be happy to discuss this with them.
- 1.2. You cannot use the College's computer network, Internet access facilities, computers and other Wodonga Senior Secondary College ICT equipment/devices until this Cybersafety and Acceptable Use Agreement has been signed by a parent/legal guardian/caregiver and signed by you, and the agreement has been returned to the College Office.

2. Use of ICT.

- 2.1. While at College or a College-related activity, you must not have involvement with any material or activity which might put yourself at risk. The use of social networking sites, including but not limited to MySpace and Facebook is therefore prohibited. As well, you must not at any time use ICT to upset, harass, or harm anyone else in the College community, or the College itself, even if it is meant as a 'joke'.

Unacceptable use could include acts of a malicious or nuisance nature, invasion of privacy, harassment, bullying, hacking, altering the settings on any ICT device or equipment without authorisation, plagiarism, gaming, impersonation/identity theft, spoofing, gambling, fraud, copyright infringement, or cheating in an examination. Behaviour the College may need to respond to also include the use of websites to facilitate misconduct which puts at risk the safety of the College environment.

- 2.2. If any privately-owned ICT equipment/device, such as a, notebook, netbook or desktop, PDA, mobile phone, camera, or recording device, portable storage (like a USB or flash memory device), is brought to College or a College-related activity, the College cybersafety rules apply to that device. **If you are not sure whether it is appropriate to have a particular device at College or at a College-related activity, you are expected to check with the relevant teacher before bringing it to the College.**

3. Monitoring

- 3.1. The College reserves the right at any time to check work or data on the College's computer network, Internet access facilities, computers and other College ICT equipment/devices. For example, in order to help make sure that the College stays cybersafe, teachers may at any time check student email or work. The ICT Management Team also has the ability to remotely monitor College ICT equipment, via logs and real-time screen viewing, including student netbooks, notebooks and iPod Touches. You must not attempt to prevent the ICT Management Team from remotely monitoring any ICT equipment/device
- 3.2. If there is a suspected breach of use agreement involving privately-owned ICT, the matter may be investigated by the College. The College may ask to check or audit that ICT equipment/device as part of its investigation into the alleged incident.

4. Consequences.

- 4.1. Depending on the seriousness of a particular breach of the use agreement, an appropriate response will be made by the College. Possible responses could include one or more of the following: a discussion with the student, informing parents/legal guardian/caregiver, reimaging of the device, loss of administrator access to devices, loss of student access to College ICT, taking disciplinary action (suspension). If illegal material or activities are involved, it may be necessary for the College to inform the police and/or other government departments.
- 4.2. Where netbook, notebooks or other devices require reimaging due to a breach of this agreement, the device will not be backed up before reimaging. There will be no opportunity given to the student to back up their work. However, if users request that their work be backed up, the College ICT Support team will do this work for a fee. A fee \$50 will apply on the first occasion and \$100 on every occasion thereafter.

Refer to the document 'Misdemeanors' and Recommended Consequences Regarding the Use of Netbooks, Notebooks and Related ICT Facilities'.

SECTION 2B - ADDITIONAL RULES / RESPONSIBILITIES

1. **Accessing the Internet at College on College ICT.** The only time you can access the internet at the College or on a College computer of any kind during class is when a teacher gives permission and there is staff supervision. If other Internet access outside of class on the College site or at a College-related activity is permitted, for example, via a netbook, privately-owned notebook, , leased notebook, mobile phone or any other ICT device, it must be in accordance with the cybersafety rules in this agreement. While at school, students are only to use the school student internet connection.

Students are not to connect to any external devices e.g. Phones, USB modems or other wireless networks while at Wodonga Senior Secondary College. Students found breaching these guidelines will lose access to Wodonga Senior Secondary College's network, and netbooks or notebooks will be reimaged immediately. Deliberate circumvention of school internet filtering, by use of third-party software, external internet connections (such as '3 mobile internet'), or "anonymous proxy" sites will result in the being immediately reimaged, the administrator status of the student will be modified and the student's ability to access the Wodonga Senior Secondary College network will be reviewed.

2. **Borrowing College ICT.** *If you have permission to use College ICT equipment at home or anywhere else away from College, that equipment must not be given to anyone else to use unless at the direction of a staff member. The College ICT is to be used only for the purpose it was lent, and you should explain this to your family or whoever else you are with. If a problem occurs, you must report it to the relevant teacher straight away.*
3. **Mobile phones.** Cybersafety rules also apply to mobile phones. You are not permitted to have a phone on in class time unless this is approved by a staff member. Mobile phones must not be used for involvement with inappropriate material or activities, such as:
 - upsetting or harassing students, staff and other members of the College community even as a 'joke'
 - inappropriately using text, MMS, email, photographs or film, phone messages, web browsing, images or any other functions
 - during any assessment where such possession or use is specifically prohibited.
4. **Care of netbooks, notebooks, computers and other College ICT equipment/devices, and their appropriate use includes:**
 - You must not damage or steal any equipment, or try to damage the ICT network. If the damage is deliberate, it will be necessary for the College to inform your parent/legal guardian/caregiver who will have responsibility for the cost of repairs or replacement.
5. **Students need permission from staff to:**
 - use storage devices to back-up work or to take work home or bring work back to College. (It is preferred, for the safety of the College, that data which has been saved from a device which is not under lease or owned by the College not be placed onto the College network or computers)
 - print material when in the classroom situation. Any material printed out of class must be appropriate in the College environment.
 - contribute material to the College Internet/Intranet site. As well, there should be no student involvement in any unofficial College Internet/Intranet site which purports to be representative of the College or of official College opinion.
 - send email to groups of users which are available on college e-mail/exchange server(s). Only email to individual students and staff according to the e-mail agreements are to be sent.
6. **Students must be considerate of other users. This includes:**
 - sharing with other users and not monopolising equipment.
 - avoiding deliberate wastage of ICT-related resources including bandwidth, through actions such as unnecessary printing, and unnecessary Internet access, uploads or downloads.
 - no intentional disruption of the smooth running of any computer or the College network.
 - avoiding involvement in any incident in which ICT is used to send or display messages/communications which might cause offence to others. Examples include text messaging, email messages, or creating, displaying or sending inappropriate graphics, and recording or playing inappropriate audio or video files.
 - obtaining permission from any individual before photographing, videoing or recording them.
7. **Respect for privacy, safety and security when using the Internet and ICT includes:**
 - if you accidentally access inappropriate, dangerous or illegal material you should:
 1. not show others
 2. close or minimise the window
 3. report the incident to a teacher immediately.
 - you should use data storage devices such as USB and flash memory devices, only in accordance with College regulations. This includes other portable devices such as USB hard drives.
 - you must have no involvement in any activity which could put at risk the security of the College computer network or environment. For example, there must be no involvement with malware such as viruses or involvement with any form of electronic vandalism or theft. This includes 'hacking' and any other physical or electronic activities that provide unauthorised access to the College ICT.

To the student, and the parent/legal guardian/caregiver

- 1. Please read this page carefully, to check you understand your responsibilities under this agreement
2. Sign the appropriate section on this page
3. Detach and return this page to the College office
4. Keep the document for future reference, as well as the copy of this signed page which the College will provide.

We understand that Wodonga Senior Secondary College will:

- do its best to keep the College cybersafe, by maintaining an effective cybersafety programme. This includes working to restrict access to inappropriate, harmful or illegal material on the Internet or College ICT equipment/devices at College or at College-related activities, and enforcing the cybersafety regulations and responsibilities detailed in use agreements. This also includes protecting the holder of this agreement from external or public sources attempting to access the cybersafe environment within the College.
keep a copy of this signed use agreement form on file
respond appropriately to any breaches of the use agreements
provide members of the College community with cybersafety education designed to complement and support the cybersafety use initiative
welcome enquiries from students or parents about cybersafety issues.

Student's section

My responsibilities include:

- I will read this Cybersafety and Acceptable Use Agreement document carefully
I will follow the cybersafety rules and instructions whenever I use the College's computer network, Internet access facilities, computers and other College ICT equipment/devices
I will also follow the cybersafety rules whenever I am involved with privately-owned ICT devices/equipment on the College site or at any College-related activity, regardless of its location
I will avoid any involvement with material or activities which could put at risk my own safety, or the privacy, safety or security of the College or other members of the College community
I will take proper care of my computer and other College ICT equipment/devices and be responsible for its safe storage. I know that if I have been involved in the damage, loss or theft of ICT equipment/devices, my family may have responsibility for the cost of repairs or replacement
I will keep this document somewhere safe so I can refer to it in the future
I will ask the relevant staff member if I am not sure about anything to do with this agreement.
I understand that it is my sole responsibility to regularly back up my work to either the College network and/or an external source, such as USB drive. I understand that the College ICT team is not responsible for backing up. In the extreme event of student work requiring backing up by the College, costs will be charged for time taken.
I will abide by copyright laws. I understand that downloading any music, videos, software etc that I do not own is illegal.
I will not interfere with any netbook, notebook or ICT device that belongs to another student or staff member.
I understand that allowing anyone other than myself or college appointed ICT Support team to interfere with or use my netbook, notebook or ICT device will void the warranty.

I have read and understand my responsibilities and agree to abide by this Cybersafety and Acceptable Use Agreement. I know that if I breach this use agreement there may be serious consequences.

Name of student: Form:
Signature: Date:

Section for parent/legal guardian/caregiver

My responsibilities include:

- I will read this Cybersafety and Acceptable Use Agreement document carefully and discuss it with my son/daughter so we both have a clear understanding of my child's role in the College's work to maintain a cybersafe environment
I will ensure this use agreement is signed by my child and by me, and returned to the College
I will encourage my son/daughter to follow the cybersafety rules and instructions
I will contact the College if there is any aspect of this use agreement I would like to discuss
I will ensure that my son/daughter understands and follows their legal copyright responsibilities
I understand that allowing others, beyond immediate family, to access or use my son/daughters netbook, notebook or ICT device will void the warranty.
I understand that any damage to, or loss of any College ICT device deemed deliberate, will incur a repair cost.

I have read this Cybersafety and Acceptable Use Agreement document and am aware of the College's initiatives to maintain a cybersafe learning environment, including the responsibilities involved.
