

## 2021 Notebook Program

This information package will include the following documentation to help you select and purchase a device for use at Wodonga Senior Secondary College in 2021 and beyond.

- **2021 Notebook Options** - Brief descriptions of the 2 options available
- **Option 1** - Details for the Education Notebook Option
- **Option 2** - Details for the Ultrabook Tablet Option
- **Frequently Asked Questions** - Covers general questions about the program

### Warranty and Accidental Damage

Options 1 & 2 Devices are covered by a 3 year onsite warranty with **no cost for any warranty claims**

Options 1 & 2 Devices are also covered by a 3 year Accidental Damage Policy (ADP). Any accidental damage such as broken LCD screen, broken keyboard, water damage etc. will be covered under this policy with a \$0 excess fee.

There can only be one Accidental Damage claim per calendar year from the date of purchase.

We recommend that the device is listed under your home insurance to be covered in the event of a theft.

### Payments Options

Ordering and Payments for the 2021 notebooks will be made via the schools "**Online Notebook Purchasing Page**" located at <https://shop.wssc.vic.edu.au>. To provide the most flexibility we have multiple payment options available including online bank transfer, credit card payments, CentrePay payment plan and in school payment plans. If you don't have access to a computer, you are able to complete the process at the Senior College office.

### Students using privately purchased devices at WSSC

For student to have 24/7 access to all WSSC ICT resources, they must participate in an approved WSSC Notebook program. These options will have all the required classroom software (Provided free of charge by the school) and will be dynamically updated when new software is required for individual classes. All subject areas have very specific software requirements that the school has purchased site licences for, as such all students are required to bring the correct resources to class at all times. This includes the correct text books and technology devices.

Students are able to complement their school purchased device with a privately owned device such as a tablet computer, however this is not a replacement option and both devices will need to be brought to class at all times.

## 2021 Notebook Program Options.

Wodonga Senior Secondary College has a strong curriculum based around the use of Mobile Learning Devices. The school is committed to every student having access to a notebook computer and as such have the following options available. **Options 1 & 2** both feature a touch screen, similar specifications and 3 years' onsite warranty. Also included is an Accidental Damage Policy (ADP) that will cover accidental damage such as, broken screens, keyboards, hinges etc. with a excess of \$0 for each claim (Maximum 1 claim per calendar year).

### Option 1. – Education Notebook

Following the great success of the Education Notebook from 2020, we have the same model on offer for 2021. This notebook has enough speed, storage capacity and screen for use in all subject areas.

The Latitude 3310 education notebooks is designed in a rugged casing purpose-built for use in a school. This device offers best-in-class durability and has won several awards for its education focused design.

With the price and durability offered, this is the recommended option for all students studying at Wodonga Senior Secondary College.

### Option 2. – Ultrabook with Touch screen and tablet design

With very similar specifications as the option 1 devices, this notebook offers the ability to flip into a tablet device. Perfect for students who have the need for a tablet style notebook to assist with their learning whilst still having the same warranty, accidental damage and support cover as the Option 1 notebook.

### WSSC Desktop Computers

We will also be keeping a fleet of High End Desktop computers with large LCD screens. These are located around the school for use in classrooms where subjects may require access to video editing, digital photography, advance programming applications and larger LCD screens.

## WSSC 2021 Managed Notebook Program Frequently Asked Questions

### Q) What Notebook should I select?

**A:** Both Option 1 and 2 are great choices. We believe that both devices are a good fit for any student attending WSSC. Each option has 8+ hours battery life and are designed for use in a school environment. Option 1 is our preferred choice for all students and is the least expensive option.

### Q) What is the difference between the Ultrabook and Education Notebook Models?

**A:** Both options have near identical specifications. The main difference is the **Option 1** Education notebook does not operate in a tablet mode like the **Option 2** Ultrabook does. The **Option 1** Education notebook is however a more robust design and is around \$255 cheaper than the **Option 2** Ultrabook.

### Q: Am I paying for a “Notebook” or “Access/rental to a notebook”?

**A:** Your initial payment is buying access or “rental” to your selected Notebook option. This includes all the Wodonga Senior Secondary College software titles, technical/warranty and accidental damage support, printing and internet access. This notebook will be your device to use whilst you attend Wodonga Senior Secondary College as a student 24 hours a day, 7 days a week. When you have finished at Wodonga Senior Secondary College you are able to return the notebook to the College, or you may have an option to purchase the device for a \$5 payment

### Q: Can I use my own XYZ brand notebook?

**A:** Personal notebook are not supported by the school, although they can be brought to school for use as a reference device. Only notebooks purchased through the WSSC Notebook Purchasing portal will be compatible with all the software and services provided by the school. These devices have been specifically selected and tested to fulfil the following categories.

- Compatible with the WSSC Wireless network
- 3 Year onsite Warranty including Accidental damage (To cover broken screens, keyboards, etc.).
- Battery capacity to enable the device to be used for the full school day without being charged.
- Protected with enterprise level Anti-Virus and Malware protection
- **Access to crucial subject specific licensed software titles.**
- Bulk and Education discount pricing
- Onsite stock of repair parts and standby loan notebooks.
- Backup facilities to the WSSC Network
- **Designed for Student use over a 3 year period**
- Automatic Backup of all school documents. Work saved on your notebook is instantly available on the school desktops and vice versa.

### Q: What laptop options are available?

**A:** The following Options are available (Detailed information on each model is available via the purchasing portal)

- **Option 1** Education Notebook - Dell Latitude 3310  
13 Inch touch screen display, 8-hour battery life, rugged design.  
Currently \$1140, or \$985 with Health Care Card Discount
- **Option 2** Ultrabook - Dell Latitude 3310 - 2 in 1 tablet,  
13 Inch touch screen display tablet, 8-hour battery life  
Currently \$1,240.

**Q: What payment options will be available?**

**A:** A number of different payment plans will be available, these will include, credit card payment, direct bank transfer, over the counter cash or card payment at the school office, and CentrePay payment plan.

**Q: What access do students have on the notebook?**

**A:** All Students are to abide by the WSSC “**Cyber Safety and Acceptable Use Agreement**” (available on the Purchase Portal and via the School Office). Students will have full administrative access to their notebook and can install any additional programs they want, provided it is in line with the “**Cyber Safety and Acceptable Use Agreement**”

**Q: When will the notebooks be supplied?**

**A:** This will depend on when you have purchased your notebook

- For purchases made before the 30th of October 2020, your notebook can be ready for delivery before Christmas.
- Orders placed after the 30th of October, your notebook will be ready on the first day of 2020, or around 4 weeks after the order has been placed in 2021

**Q: What happens when you leave the school?**

**A:** With all previous notebook programs, students have had the option to return the notebook to the school, or have had the option to buy the device for a \$5 payment. Any remaining onsite warranty will still be valid anywhere in Australia. It will however need to have the schools software removed and returned to the factory settings. We expect this to also be an option for the 2021 program

**Q: What is the accidental Damage Cover?**

**A:** Accidental Damage is an insurance policy that will cover damage to your notebook that is deemed accidental. This might include broken: LCD screens, latches, hinges, speakers, keyboard, etc. Damage that is deemed non-accidental will not be covered by this policy. A Product Disclosure Statement (PDS) can be found on the purchasing portal page for this product. Currently One Accidental damage claim can be processed each year.

**Q: What cost is there for an Accidental damage claim?**

**A:** There is a \$0 excess fee for each damage claim, maximum of 1 claims per calendar year from the date of purchase.

**Q: Where can I get more information?**

**A:** Contact the School's IT Team. In person at the College Office on Brockley Street, or on 0260 437 500.
